Energy Conservation Projects for Non-government Organisations

Applications Received

Number of Applications *Received* (as at 31 December 2011)

Energy-cum-carbon Audits	**=**	**19**
Including: Projects from Green Organisations		1
TWGH		1
Energy Improvement Works	**=**	**262**
Including: Projects from Green Organisations		10
PLK		9
TWGH		1
Projects under Tripartite Schemes		18
Energy Conservation Education Programmes	**=**	**36**
Including: Projects under DC Collaboration		11
Total	**=**	**317**

Energy-cum-carbon Audits - Applications Breakdown

Number of Applications	19
Number of NGOs Involved	18

Energy Improvement Works - Applications Breakdown

Number of Applications	262
Number of NGOs Involved	179

Applications Involving Type of BS Installation	**Number**	**Percentage**
Lighting	221	84.4%
Air-conditioning	133	50.8%
Lift & Escalator	2	0.7%
Others (include solar film, motion sensor and etc…)	47	17.9%

Energy Conservation Education Programmes - Applications Breakdown

Number of Applications	36
Number of NGOs Involved	27

Applications Approved

Number of Applications *Approved* (as at 31 December 2011)

Energy-cum-carbon Audits	**=**	**14**
Energy Improvement Works Including: Projects from Green Organisations PLK TWGH Projects under Tripartite Schemes	**=**	**143** 10 9 1 12
Energy Conservation Education Programmes Including: Projects under DC Collaboration	**=**	**25** 9
Total	**=**	**182**
Approved project sum (HK$)	=	58.29 million
Estimated no. of job created	=	633
Estimated energy saving per annum for the approved energy improvement projects	=	6.19 million kWh or 4,330 tonnes CO_2 equivalent.

Energy-cum-carbon Audits - Applications Breakdown

Number of Applications	14
Number of NGOs Involved	14

Energy Improvement Works - Applications Breakdown

Number of Applications	143
Number of NGOs Involved	111

Type of BS Installation Involved	Number	Percentage
Lighting	59	41.3%
Air-conditioning	10	7.0%
Lift & Escalator	1	0.7%

Others (include solar film, motion sensor and etc…)	3	2.1%
Lighting + Air-conditioning	50	35.0%
Lighting + Others	8	5.6%
Air-conditioning + Others	1	0.7%
Lighting + Air-conditioning + Others	11	7.7%
Total	**143**	**100%**

Energy Conservation Education Programmes – Applications Breakdown

Number of Applications	25
Number of NGOs Involved	21
Number of Expected Participants	5.3 million

Type of Education Programmes Involved	**Number**
District-based energy saving lighting replacement programme for under privileged	10 (13 districts)
Promotion of less use in air conditioning	2
Assistance to single building owners to apply for BEEFS	2
Promotion of energy saving in elderly homes	1
Promotion of carbon audit in district	5
Promotion of carbon audit in private sector	2
Developing a centre to promote energy saving messages	2
Promotion of low carbon living style	1
Total	**25**

Projects Completed

Number of Projects *Completed* (as at 31 December 2011)

Energy-cum-carbon Audits	**=**	**0**
Energy Improvement Works Including: Projects from Green Organisations PLK TWGH Projects under Tripartite Schemes	**=**	**31** 4 4 0 0
Energy Conservation Education Programmes Including: Projects under DC Collaboration	**=**	**2** 1
Total	**=**	**33**
Approved project sum (HK$)	=	3.44 million
No. of job created	=	142
Energy saving per annum for the completed energy improvement projects	=	691,937 kWh or 484.3 tonnes CO_2 equivalent.
