## **1. INTRODUCTION**

The Government has announced in 2004 a New Nature Conservation Policy to better achieve the nature conservation objectives, especially enhancing conservation of ecologically important sites which are in private ownership. Under the new policy, management agreement option with landowners was proposed. Following the success of the pilot scheme for management agreements, the Environment and Conservation Fund (ECF) Committee<sup>1</sup> supports the continuation of the Scheme and will provide allocation for this cause. Furthermore, in the light of the increasing public concerns over the need to protect country park enclaves<sup>2</sup> against incompatible uses and for enhancing the conservation of country parks, the ECF Committee also supports the extension of the Management Agreement Scheme to cover country park enclaves as well as private land in country parks.

### **1.1 Purpose of this Guide**

This Guide provides guidance on application for funding management agreement projects under the new nature conservation policy, and describes the basic requirements and responsibilities for recipient organisations. Upon approval of funds by the ECF Committee, recipient organisations will sign an agreement with the Government undertaking to observe the conditions of using the allocated grant and the approved budget.

### **1.2 Nature of Nature Conservation Management Agreement Projects**

Nature Conservation Management Agreement Projects must contribute to enhancing the conservation of the sites concerned through management agreements between non-governmental organisations (NGOs) and landowners or tenants. Under these agreements, NGOs may provide landowners or tenants with financial incentives in exchange for management rights over their land or their cooperation in enhancing conservation of the priority sites, country park enclaves or private land in country parks listed in *Appendix 1*.

### **1.3 Administration**

The Scheme will be publicized regularly at a fixed time every year for open invitation for Management Agreement proposals, with a view to promoting applications at the eligible sites.

An Assessment Panel has been established to consider the applications of Management Agreement Projects. The Panel comprises members from the Environmental Protection Department (EPD) and the Agriculture, Fisheries and Conservation Department (AFCD).

---

<sup>1</sup> A statutory body, which comprises mainly non-officials, was set up in 1994 under the Environment and Conservation Fund Ordinance to advise Secretary for the Environment on the use of funds. Under the Ordinance, the Secretary is the trustee responsible for the administration of the Fund.

<sup>2</sup> Country park enclaves are sites that are surrounded by or are adjacent to country parks, but are not part of the country parks.

Administration of grants for Management Agreement Projects is undertaken by the Secretariat of the ECF Committee.

## **2. GUIDE TO APPLICATION**

### **2.1 Who may apply?**

Registered local non-profit making organisations (e.g. universities, community bodies and green groups) or groups formed under a registered non-profit making organisation in Hong Kong are eligible to apply.

### **2.2 What are the funding limits?**

All Management Agreement Projects should observe a funding cap of HK\$10 million for each project lasting for a period of three years. Funds may be granted for full or partial support of projects.

### **2.3 What is the duration of each project?**

Each Management Agreement project should last for at least 12 months and normally not more than three years.

### **2.4 How to apply?**

Normally applications will be invited once a year. Applicants have to fill in an application form which can be obtained from –

- ECF website: <http://www.ecf.gov.hk>
- AFCD website: <http://www.afcd.gov.hk>

The person-in-charge of the proposed project should be the head or deputy head of the applicant organisation. Completed application form should be signed by the person-in-charge, dated and affixed with company chop. The completed form should be returned to the Nature Conservation and Infrastructure Planning Division (15/F, East Wing, Central Government Offices, 2 Tim Mei Avenue, Tamar, Hong Kong) by the deadline as specified in each round of the invitation exercise.

Invitation for applications and deadline for receiving applications will be announced in the ECF homepage (<http://www.ecf.gov.hk>). Late applications will not be processed. To avoid undue delay in processing application, where feedback / response from the person-in-charge is not received within two weeks, EPD/AFCD will consider the person-in-charge withdraws the application and terminate the processing of the application.

### **2.5 What are the vetting procedures?**

All applications received will first be vetted by an Assessment Panel consisting members from EPD and AFCD. The panel will assess each application according to the criteria set out in Section 2.6 below. The recommendations will then be submitted to the Nature Conservation Subcommittee (NSCS) under the Advisory Council on the Environment (ACE) for consultation and then forwarded to the ECF Committee for endorsement. Information of the approved projects will be uploaded onto the ECF homepage (<http://www.ecf.gov.hk>).

## 2.6 What are the vetting criteria?

The following broad criteria will be used in assessing the merits of individual applications –

- (a) the benefits that a proposed project will bring to the efforts in enhancing the conservation and ecological values of the site concerned, better achieving the nature conservation objectives, and evaluating the effectiveness of this new conservation measure;
- (b) the sustainability of a proposed project including its resource implications, participation of the landowner(s)/tenant(s) and local community, nature and enforceability of the management agreement concerned;
- (c) the technical and project management capability of the applicant organisation, as well as its track record, including the effectiveness of past projects, and its ability to comply with funding conditions;
- (d) whether the proposed project's schedule of implementation is well-planned and practicable, and the duration is reasonable;
- (e) whether the proposed budget is reasonable and realistic, and whether the project is cost-effective, with full justification for every expenditure item;
- (f) whether the applicant has demonstrated their utmost efforts in seeking alternative sources of funding so as to achieve 5% contribution to the total budget, and whether it would be more appropriate for the proposed project to be funded by other sources;
- (g) whether the proposed project includes appropriate education activities to effectively promote nature conservation and raise awareness of the local community in nature conservation as part and parcel of the Management Agreement project;
- (h) where the application is modelled on a project previously supported by ECF, whether the applicant has demonstrated, by reference to the previous Management Agreement project, the achievements made with respect to enhancing the conservation and ecological values of the site concerned in the new application; and
- (i) regard to (h) above, where the total amount of expenses under its/their respective broad expenditure item deviated from the approved budgets of previous Management Agreement project by a substantial amount, say 30%. The applicant shall justify the differences.

The project period should be time-limited. Nonetheless, having regard to the nature of Management Agreement projects, projects could be considered on a renewable basis to continue the conservation programmes.

A marking scheme based on the broad criteria (a) to (g) is implemented to vet and evaluate the relative merits of individual applications and select the most meritorious applications for funding support.

For applications modelled on a project previously supported by ECF, their applications will not be considered until the responses on items (h) and (i) are received to the satisfaction of the Assessment Panel.

## **2.7 Avoidance of Conflict of Interests**

To avoid conflict of interest, members of ACE (or its subcommittee) and the ECF Committee who are directly or indirectly related to an application will be required to declare interest and refrain from taking part in the discussion of that application by leaving the venue where the deliberation takes place. This will apply to members who are part of the project team and/or members who belong to the same organisation.

## **2.8 When will I know the result?**

It normally takes within six months to process an application. If no additional information is required, the applicant will be informed of the outcome shortly after the ECF Committee meeting, which is normally held quarterly.

## **2.9 Can I withdraw my application?**

The applicant can write to the EPD to withdraw an application at any time before an agreement is signed with the Government.

## **5.5 Project Interest**

- 5.5.1 The ECF grant shall be paid into a risk-free interest-bearing account opened with a licensed bank.
- 5.5.2 Interest incomes generated from the ECF grant and other receipts for a project have to be defrayed against the actual expenditure before calculating the amount to be reimbursed as the final payment, if any.
- 5.5.3 The recipient organisation may be required to compensate the Government for loss of interest income if the ECF grant is not properly handled. Where necessary, the Government will initiate legal action for suitable remedies.

## **5.6 Progress and Completion Reports**

The recipient organisation has to submit a half-yearly progress report with statement of accounts of its project together with the original or the certified copy of receipts or invoices for expenses once every six months to EPD/AFCD. For projects receiving a grant more than HK\$150,000 and lasting more than 18 months, recipient organisations are also required to submit, once every 12 months, a statement of accounts audited by certified public accountants (practising) within the meaning of section 2 of the Professional Accountants Ordinance (Cap 50) to EPD/AFCD. Except for the first disbursement, all disbursements will be subject to satisfactory performance or progress of the project. EPD/AFCD may carry out on-site visits or surprised checks to examine the progress and achievements of the project at any time.
- 5.6.2 Within two months after completion of the reporting period / project or before the date specified in the agreement, the recipient organisation has to submit a progress / completion report and a statement of accounts to EPD/AFCD (for projects receiving a grant more than HK\$150,000, the statement of accounts should be audited by certified public accountants (practising) within the meaning of section 2 of the Professional Accountants Ordinance (Cap 50)). If an extension of the submission deadline is required, prior approval should be obtained from EPD/AFCD. EPD/AFCD will assess the success or effectiveness of the project by comparing the project results against its original objectives and targets as set out in the application.
- 5.6.3 Where a statement of account audited by certified public accountant is required to submit with the progress / completion report, a proper reference should be prepared by the recipient organisation to indicate the interlink of figures appeared in the audit report with the related sum shown in the Statement of Accounted attached to the progress /completion report.
- 5.6.4 All progress and completion reports should be signed by the person-in-charge, dated and affixed with the company chop of the recipient organisation and submitted in such format as prescribed in the Progress/Completion Report Form.
- 5.6.5 Unsatisfactory performance will affect the organisation's future chance of getting funding. The organisation's management will be informed.

## **5.7 Statement of accounts**

- 5.7.1 Within two months after completion of the project or before the date specified in the agreement, the recipient organisation has to submit a complete statement of accounts, attached to the completion report, to EPD/AFCD. - 5.7.3 For projects receiving a grant more than HK\$150,000, the following should be noted –
- (a) The funds should be kept in a separate account opened with a licensed bank to facilitate the checking of all financial records by the Government and auditors as and when necessary.
  - (b) The statement of accounts attached to the completion report must be audited by certified public accountants (practising) within the meaning of section 2 of the Professional Accountants Ordinance (Cap 50), providing assurance that the audited accounts properly presented the financial position of the project and that the conditions of the grant are met.
  - (c) For projects lasting more than 18 months, recipient organisations are also required to submit a statement of accounts audited by certified public accountants (practising) to EPD/AFCD once every 12 months.
- 5.7.4 For universities, the funds should be kept by the finance office and there is no need to open a separate account with a licenced bank. A statement of accounts certified by the finance office of the university will be acceptable, regardless of the amount of the grant involved in the project.
- 5.7.5 Where a statement of account audited by cetified public accountant is required to submit with the progress / completion report, a proper reference should be prepared by the recipient organization to indicate the interlink of figures appeared in the audit report with the related sum shown in the Statement of Account attached to the progress / completion report.

- 5.10.5 In the case of universities, they may adhere to their established/current standard procurement procedures.
- 5.10.6 All quotations and tendering documents should be kept for inspection by EPD/AFCD.

## **5.11 Title of Capital Items, Educational Materials and Compute Softwares**

5.11.1 The title of capital items, educational materials and computer softwares procured with the fund will remain with the Government during the project period. ## **5.12 Acknowledgement of Support and Disclaimer**

5.12.1 The source of funding (both the name and logo of ECF) must be acknowledged in all publicity materials relating to the project. Failure in making proper acknowledgment may result in suspension or termination of funding support and affect the future applications.

5.12.2 The name and logo of ECF may be used and printed onto various categories of publicity materials with a view to promulgating the contribution of the funds. Examples of publicity materials include publicity leaflets/posters/banners; reports and publications of project outcome; and advertisements on paper and electronic media.

- (d) if the recipient organisation fails to comply with the funding conditions as set out in this Guide and/or the approval letter and no reasonable explanation has been given.

5.13.2 In each of the above cases of suspension/termination of funding granted, EPD/AFCD shall give one month notice to the recipient organisation, stating the reasons for the suspension/termination. In cases of suspension, the recipient

organisation should demonstrate that measures have been taken to rectify the problems and the unsatisfactory situation has been redressed before EPD/AFCD will lift the suspension. In cases of termination, the balance of the grant or any funding given in advance shall be returned to ECF. EPD/AFCD will, in consultation with the ECF Committee, consider possible redeployment of the capital items, educational materials and compute softwares acquired for the project.
